**State of Hawaii Deferred Compensation Plan
3 Year Catch-Up Program
Q & A**

Under Section 457 of the Internal Revenue Code, the State of Hawaii Deferred Compensation Plan (“Plan”) allows participants who are approaching retirement to defer additional amounts to the Plan. The 3 Year Catch-Up Election allows you to make up missed deferrals from prior years.

Who can use the 3 Year Catch-Up provision? Participants who have not deferred the maximum annual deferral amounts allowed in prior years and who are planning to retire with unreduced retirement benefits.

When can the 3 Year Catch-Up provision be used? At the earliest, the 3 Year Catch-Up provision may be used in the three (3) calendar years immediately preceding but not during the calendar year that you retire or reach Normal Retirement Age. **You cannot participate in the 3 Year Catch-Up provision in the calendar year you retire, unless you elect December 31st as your Retirement Date.**

What is the maximum I can defer under the 3 Year Catch-Up provision? The maximum amount you may be able to defer during each of the three (3) catch-up years is double the maximum annual deferral amount. The maximum 3-year catch-up deferral amount for 2021 is \$39,000. Please note that the 3-year maximum amount includes the amount of your annual deferral plus the catch-up.

How do I determine my Normal Retirement Age? For the 3 Year Catch-Up Election, your Normal Retirement Age is any age you select that is not later than the year you attain age 70½ and no earlier than the earliest age you can retire with unreduced benefits from the Employees Retirement System (ERS). You must establish your Normal Retirement Age by specifying your Retirement Date (*keep in mind that you **cannot** defer 3 Year Catch-Up Elections during the calendar year you will turn age 70½*).

What happens if I continue working after the date I have selected as my Retirement Date? You cannot continue to participate in the 3 Year Catch-Up program, but you can continue to defer into the Plan.

What restrictions apply to the 3 Year Catch-Up provision? You can only participate in the 3 Year Catch-Up program one time. You can only participate for 3 continuous years and if you choose not to participate in one of these years, you cannot carry it over to another period after your Retirement Date. Once you elect your Retirement Date and start taking advantage of the 3 year catch-up, the Retirement Date cannot be changed.
